7 St.Mary Graces Court,
Cartwright Street,
London,

Profile

I am a UX/UI designer with more than 4 years of experience, including designing and coding user interface for all of the company's products. I'm a self-motivated individual, experienced in managing my own workflow and working as part of a team to deliver projects on time.

I have recently created a website from scratch to house my portfolio using React JS, HTML and CSS. Please visit nunefolio.co.uk/ to see some of my previous work.

Experience

SENIOR UX/UI DESIGNER AT BOTNOI CONSULTING, BANGKOK – 2020-PRESENT

- Currently leading a team of UX/UI designers to design a new products.
- In charge of redesigning UX / UI for existing Chat bot software tool using Figma and miro.
